Planning and conducting a clinical study - Welcome!

Annica Dominicus, PhD, biostatistician, Clinicum Coordinator clinical trials, Director Clinicum node Solna, MedS, KI

Tahnee Marquardt, MSc, Clinicum Coordinator at Compliance & Data Office, Research Support and External Relations Office, KI

13:00 Session 1

13:00 Welcome and opening remarks

13:10 Cutting Through Resistance: Lessons from the EVA Trial on Episiotomy in Vacuum Birth. *From skepticism to completion: navigating resistance and sustaining a seven-year randomized trial* (Sophia Brismar Wendel, Docent, Department of Clinical Sciences)

13:35 The study protocol and key regulatory aspects of clinical studies (Eva Löfkvist och Nasim Caspillo, Karolinska Trial Alliance)

14:00 Short break

14:10 Session 2

14:10 Budgeting for a clinical study (Semra Öz, Clinical Trials Office, Center for Clinical Cancer Studies, Karolinska University Hospital)

14:30 "Compliance in a clinical study: Ethics application, insurances and study registration". (Sofie Possmark, KI Compliance and Data Office)

14:55 "Personal data processing in research – Basics". (Mats Gustavsson, Legal Unit, KI)

15:10 Coffee break

15:30 Session 3

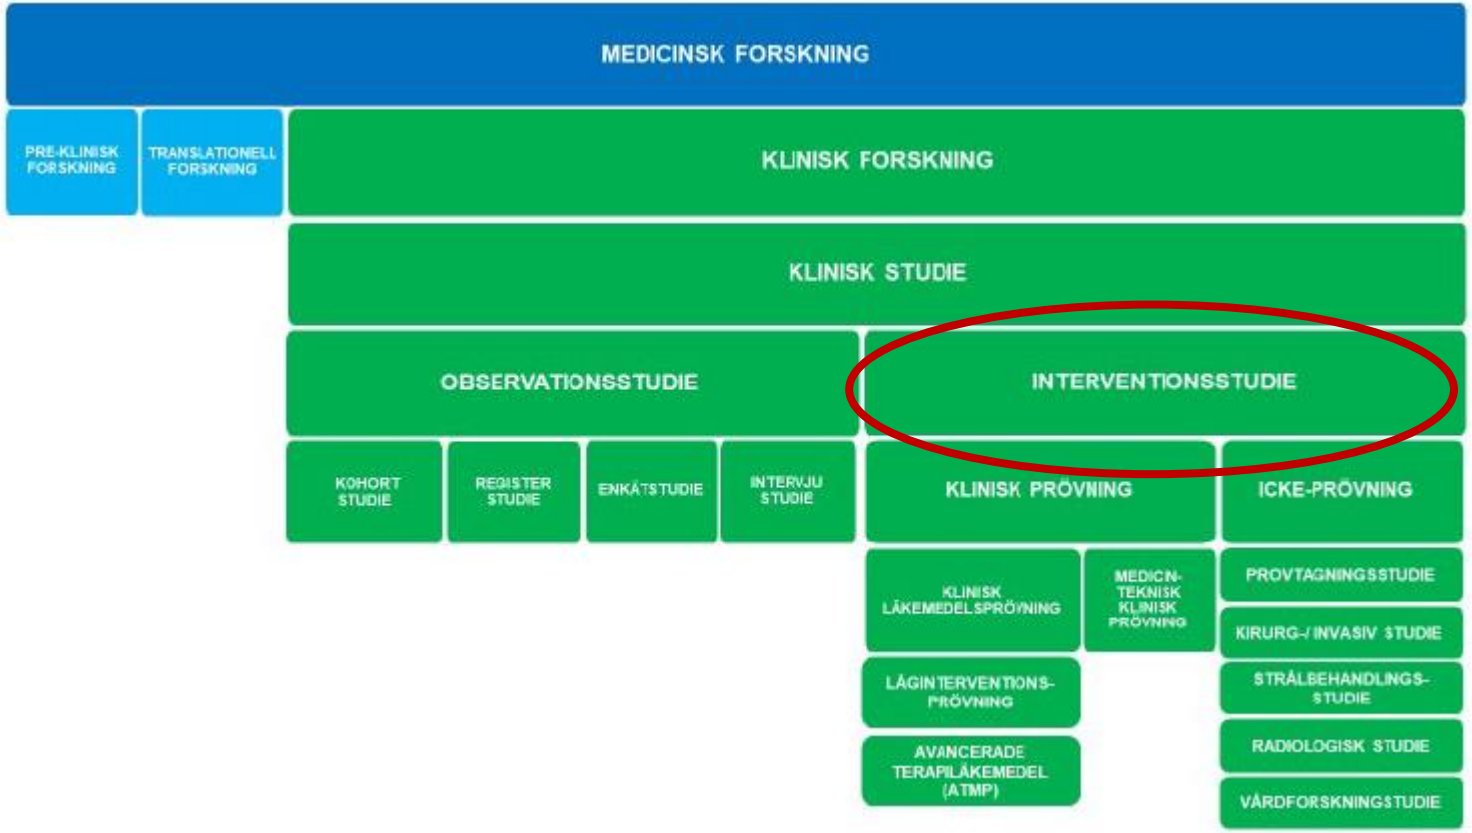
15:30 "SLSO sexample of patient recruitment" (Linda Nyberg, Stöd till Forskning och Innovation, Akademiskt Primärvårdscentrum, SLSO och Lina Lundén-Bengtsberg, Study unit SLSO)

15:50 Aligning study objectives, endpoints and statistical analyses (Anna Stoltenberg, Clinicum)

16:10 Strategic engagement – when and whom to contact (Annica Dominicus, Clinicum)

16:30–17:30 Discuss your research with the speakers in person

Which type of studies are we talking about?



From “Handbok för kliniska forskare och prövare vid Karolinska Universitetssjukhuset”
Reference Kliniska Studier Sverige (KSS)

Terminiology used by WHO and NIH

Clinical trial = interventional trial

https://www.who.int/news-room/questions-and-answers/item/clinical-trials

https://www.nih.gov/health-information/nih-clinical-research-trials-you/glossary-common-terms#clinicaltrial

Aim of todays meeting

- Raise awareness of challenges encountered in clinical trials
- Offer suggestions for solutions
- Provide insight of where/when to get support
- Explore how we can collaborate
- Learn from, and get inspired by, colleagues!
